

Tree and Pole Climbing Spurs

TopFlight Trailers & Equipment sells tree and pole spurs. We carry steel, aluminum, and titanium spurs made by Buckingham. Whether you are a utility worker climbing poles, an arborist doing tree removal, setting up a deer stand, or collecting samples for tree research, we have a set of spurs for you. Our spur sets come complete with straps, pads, gaff guards and sizing instructions. We stock spur accessories, such as sharpening kits and replacement tree and pole gaffs. Our complete spur climbing kits contain spurs, saddle, flipline and more.

Buckingham Climbers

These are our best-selling spur sets. Steel spurs are high strength, durable, and well-tested and fit the widest range of pads. Replaceable tree or pole gaffs.

Spur Pads

We stock 'L' Pads, 'T' Pads, Buck Pads, Stiff Wraps, Velcro-Wrap Pads, cast aluminum pads and more.

Replacement Gaffs

We stock replacement tree and pole gaffs for every brand of spur on this page, as well as manufacturer gaff sharpening kits.

Bucklite Titanium Climbers Buckingham "Bucklites" are lighter than any other spur. Essential for a lightweight spur climbing setup.

Climb Right Climbers

Climb Right spurs are new, light-weight aluminum climbers. They are lighter than steel and powder coated for durability. Replaceable tree or pole gaffs.

Climber Straps and Accessories

Upper and lower straps, safety shields, foot plates, gaff guards and more accessories to customize your spurs.
